KLA TRIAL ADVOCACY FORUM

Accused Joshi is a car broker, residing at Panchami, Thevally, Kollam. Accused was coming in his car KL-01-BQ-805 from Peroorkada to Thampanoor at around 4 pm on 6.9.2020. As he approached Kaveri Shopping Complex at Kowdiar, he saw a girl (Renu) around 20 years waiting near the road side. He stopped and told her that he is going to the city and asked whether she wanted any lift. She was hesitant initially, but accepted his offer since she had to reach SK Women's College for a function at 5 pm and no cabs were available.

As the car reached SK College junction, accused didn't stop. The girl panicked and started shouting for help. Accused was fascinated by her beauty and wanted to have fun with her. She pulled his hair and hit him with an iron rod which was available in the car. He got furious and in the fit of rage, he stabbed her with his knife on her head. She instantaneously died as brain parts came out due to the stabbing. This had happened near Thycaud Post Office at about 5.45 pm, where Ramani noticed a girl screaming from the car. As the accused noticed her watching, he sped away from the scene.

He waited for darkness to fall while driving through the Poojappura-Pangodu road. As soon as it became dark, he went to Poojappura and took the car to the Poojapura drench where he dumped the body behind a bush and returned in the same car. Robert saw a person dumping something which was presumed to be some sort of waste, after a while he went to look into the same and found the body of the deceased.

The injury on the forehead of the accused was deep and hence he went to SKY Hospital, for treatment. He reached there at 8:30pm and Dr. Jose, attended the wound. He admitted the accused in the hospital for a 24-hour observation. On enquiry, accused told that the injury was a result of a fight with some unidentified people.

At 8:00 pm, Gopakumaran Nair, the father of the deceased came to the police station to report the incident of his missing daughter. He informed that his daughter who had gone to SK Women's College was now missing.

KLA TRIAL ADVOCACY FORUM

Meanwhile, as against the advice of the Doctor, the accused left the hospital at his own risk and the doctor reported this incident to the police station around 12:30 am.

Around 12:30 am, the CCTV Footage was sent to the police station by the hospital authorities. This was forwarded to all police stations in order to locate the person in the CCTV footage, and if found, detain and inform the Museum Police. At 9:00pm, Museum Police received a call from Robert from Poojappura, that a body of a girl is seen below the Poojappura drench. ASI Mohamed along with the party rushed to the spot.

A body of a girl around 20 years old was lying behind a bush below the Poojappura drench. Gopakumaran Nair was called to the site. He identified the body as that of his missing daughter and he fell unconscious.

An inquest was conducted by ASI Mohamed. Rajan and Govind were witnesses for the Inquest report. After inquest, the body was transported to Medical College Mortuary at 11:30 pm.

A FIR 121/2020 which was recorded in the Museum Police Station for man-missing was converted into Sec.302 of IPC.

Post mortem was conducted the next day by Dr. Abdul Rahman. Post Mortem report clearly says that the death was caused as a result of a deep wound on the head by a sharp weapon like a knife. The wound was, “one incised over the left mastoid area placed obliquely of size 6½” x ½”, bone deep, was completely cut and the size of cut on the bone 1½” deep through which brain material was coming out. There was no sign of rape or any other injuries. As per the Doctor, death might have occurred 15-18 hours prior to completion of post mortem at 11 am ± 2 hours variation possible on the calculation of time of death.

The accused after leaving the hospital at 12:00am. On 7.9.2020, the accused went to Kollam in his car and left the car near Kollam railway station and left for Ernakulam in train. He reached Ernakulam South Railway Station at 5.30 am.

KLA TRIAL ADVOCACY FORUM

RPF Inspector Dinesan noticed the accused and identified him from the CCTV footage sent by museum police. He detained the accused and informed the Museum police, who then brought him to Trivandrum. On detailed questioning, accused finally confessed the crime. He was arrested at 4 pm on 7.9.2020. He was produced before the Judicial Magistrate of 1st class, Thiruvananthapuram at 11 am on 8.9.2020.

Magistrate allowed police remand for 5 days.

The accused gave a statement under Sec. 27 of Evidence Act in which it was stated that a red Honda Amaze car with the registration number, KL-01-BQ-805 is parked near the Kollam Railway station. The knife used for murder and the iron rod used by deceased to hit him were also recovered from the car.

He was then taken near Kollam railway station from where the car, knife and iron rod were recovered under S.27 of the Evidence Act. Accused was taken to hardware shop from where he purchased the knife. The owner of the shop Ramesan Pillai identified the knife as sold by him to accused.

From the aforesaid evidences, material objects and witness statements, it is proved that accused has committed the murder and is liable to be prosecuted under Sec. 302 IPC.

At 7th September at 10 pm, on interrogation, the accused confessed before me that, he committed the murder with the sharp-edged knife. The blood-stained knife and the iron rod were kept in the car of the accused. Accordingly, I took the accused to the Kollam Railway station, where his car bearing no: KL-01-BQ-805, Honda Amaze, was parked and the blood-stained knife and the iron rod were recovered in the presence of the witness. The accused further told me that the knife was purchased from the shop of Ramesan Pillai (CW10), who identified the accused and the knife.
